# ACTION

A collage of LEGO Star Wars figures and ships. At the top, a yellow Jedi starfighter flies through space. Below it, a large yellow LEGO head with a neutral expression is centered. To its left is a red and black Mandalorian helmet. To its right is a brown LEGO head with a mustache. At the bottom, several LEGO Star Wars ships are shown in action, including a large orange and black ship and a smaller yellow and blue ship. The background is a dark, starry space with some nebulae.

Pressurized air in the new hydraulics system makes movements super smooth. Impress your friends by adding hydraulics to your models.

## A. Now you're ready for the big time — the Super Street Sensation!

This is one amazing car that you can build — and bang about — all by yourself! Start with the powerful V8 motor. Then add hydraulic doors, front-wheel steering, and super suspension. Plus many other awesome details you can only discover as you build it! Now add 8735 LEGO TECHNIC Motor (sold separately on page 40) to motorize the car. Next you can use the same pieces to build alternate sports cars. Ages 10+ 1408 pieces #9446 Super Street Sensation \$139.00

Add gull-wing doors  
powered by the new  
hydraulic system.

Cockpit opens

# BUILD AND PROGRAM YOUR OWN LEGO ROBOTS

THE CLOCK

INTRUDER ALARM

PHOTOBOT

Custom camera and capabilities

## A. Enter a world where you make the rules!

Because step-by-step instructions are not included, you're free to build whatever you want, however you want. The key to this awesome invention system is the LEGO RCX, a programmable microcomputer that acts as the brain of your robotic inventions. PC, monitor, and 9-volt battery and six AA batteries required, but not included. Ages 12+.

LEGO Robotics Invention System: \$219.00

Modern System Requirements: Macintosh® Plus/SE with 10MB RAM, 10MB hard disk space, available 1-year serial port to infrared transmitter. Serial Mouse (1M) is CD-ROM, VGA, plus 3.5 floppy disks and Internet browser updates.

## HOW IT WORKS!

### 1. BRAINFORM

Download and install software from the Building Blocks CD-ROM. It contains the LEGO MINDSTORMS software, LEGO MINDSTORMS and the LEGO MINDSTORMS, your LEGO MINDSTORMS.

### 2. BUILD

Using your ideas to build, including sensors, motors, and more.

### 3. PROGRAM

Use your PC and the LEGO MINDSTORMS CD-ROM software to create a program that tells your invention what to do.

### 4. DOWN LOAD

With the click of a mouse, instantly download your program from your PC to your RCX using the transmitter (Infrared, serial port, or port PC).

### 5. ACTIVATE

Your robot invention is ready to go. Let it loose and watch it come to life.

### INFRARED COMMUNICATIONS PORT

Let's your RCX talk with your PC or other RCX units.

### LIGHT SENSOR

### TOUCH SENSOR

### TOUCH SENSOR

### LCD DISPLAY PANEL

### HIGH-EFFICIENCY MOTORS

The RCX is a programmable microcomputer that acts as the brain of your robotic inventions.

Using your PC and the RCX, you can control the behavior of an infinite number of robotic inventions from a light-sensitive intruder alarm to an underwater robot. Follow a trail, move around obstacles, even dance to music.

### Set Includes:

- RCX Microcomputer
- CD-ROM Software
- 727 pieces, including:
  - 1 Motors
  - 1 Touch Sensors
  - 1 Light Sensor
  - Construction Kit
  - 12 Guided Challenges
  - Infrared Transmitter

# DROID DEVELOPER KIT

Build and program your own droids with three levels of challenge:

1: Jedi Apprentice

2: Jedi Knight

3: Jedi Master

ALL  
NEW

R2-D2

Build a Droid™  
on STAP

Program your droids with  
the Micro Scout™

## Build and program your own droids!

Combine the power of the Force with your imagination to create classic droids from the Star Wars Episode I movie. Start your Jedi training as an apprentice. Build and program R2-D2 and L-3GO droids using step-by-step building instructions and guided help from the CD-ROM. Next, move on to Jedi Knight challenges. Create nine snap-on assemblies with the step-by-step instructions on the CD-ROM, then use the building tips to construct your own droids. Now you're ready to become a Jedi Master and let the Force guide your creations. We gave you partial building instructions for master level droids like a Battle Droid and a Gungan, but that's your own. Includes the Micro Scout™, the smallest LEGO microcomputer — with a built-in light sensor, motor and seven built-in programs (requires 3AA batteries — not included). Each droid can be built separately using the snap pieces. PC required for CD-ROM building instructions. All programming is done on the Micro Scout. Ages 9+, 455 pieces.

MSRP Droid Developer Kit: \$129.99

Available to ship August 27, 1999

**MINDSTORMS**
